[2021.02.22 EXPENDITURES GG TS RC UW US.PDF](#)

3. Adjourn

TO: Committee of the Whole

FROM: Jennifer Taylor, Chief Administrative Officer
Lovely Jane Magnaye, Manager of Finance

DATE: February 19, 2021

RE: Expenditure (GG, TS, HW, RC, UW, US)

ISSUE:

Administration has prepared the expenditures for General Government, Transportation Services, Health and Welfare, Recreation and Culture, Utility Water and Sewer, for review of the Committee of the Whole.

ALTERNATIVES:

1. Committee of the Whole can provide feedback on proposed expenditures.
2. Committee of the Whole can accept the proposal as presented.

FINANCIAL IMPLICATIONS:

There are no financial implications.

ANALYSIS:

Wages, Salaries and Benefits have not been changed since last year. Administration is waiting for Council's direction before updating the model.

General Government GG

This service area increased by approximately \$115,000. One of the most notable changes is an asset management project for \$45,000. Most of this project will be covered by grant funding from FCM and the approximate cost to the Town will end up being \$10,000. Another increase from the previous year is the insurance appraisal already approved by Council and in progress for \$10,000. There is a significant increase to Professional Fees for the payment of HMC invoice 1 of 2 for project 2 of approximately \$32,000. Grants, Donations and Contributions include the municipal non-profit taxation grant, and the municipal grant and requests are already \$22,000 greater than the previous year. The Municipal Grant application is open until February 28, 2021 and a separate report regarding grants and contributions will be presented in the next budget meeting.

Transportation Services TS

This service area increased by approximately \$68,000. Some notable changes from last year include tool cat repair costs of \$12,000, dust control program for \$25,000, safety equipment for \$8,000, and utility increases of \$6,000.

Public Health and Welfare Services HW

This area is unchanged from 2020 and an update will be provided upon receipt of the response from the Cemetery Committee on their budget.

Recreation and Culture RC

There is an increase to this budget area of approximately \$53,000. The biggest change is budgeting for the Rec Centre loan interest of \$34,000. This was budgeted last year, but in a different way and changes have been made at the auditor's direction. In addition, the tree budget has been increased substantially at \$25,000 to begin removing some of the trees recommended for removal.

Utilities – Water and Sewer UW US

Water expenditures are budgeted to increase by \$61,000, while sewer expenditure are budgeted to decrease by \$36,000. The decrease is due to the elimination of costs now that the lift station flood from Dec 2019 repairs are complete, except for upgrading/replacing the master control centre that was budgeted for in capital. There are significant increases to the water treatment plant repair of \$10,000 and to the fire hydrant budget of \$30,000 to get all hydrants back in working order.

ADMINISTRATIVE RECOMMENDATION(S):

Administration would like feedback from the committee on the proposed expenditures for GG, TS, RC, US and UW, as well as wages, salaries and benefits.
