*Hosts*

*Ron and Bev*

*Mayor, councilors and staff of the Town of Wadena*

*We would like to ask if it would be possible to have calcium placed in the back alley in between JK Service and our bed and breakfast, since the Co-op has put in the parking lot beside the hardware store the traffic down our back alley has increased greatly. The dust that floats through our and Laura Waldens' yard has increased and with the dry weather the dust is almost unbearable at times.*

*We would like this to be considered at your next council meeting.*

*Ron Hughes and Bev Dyck*
