**Subject: Dressing Room #4**

Dear Town of Wadena Council,

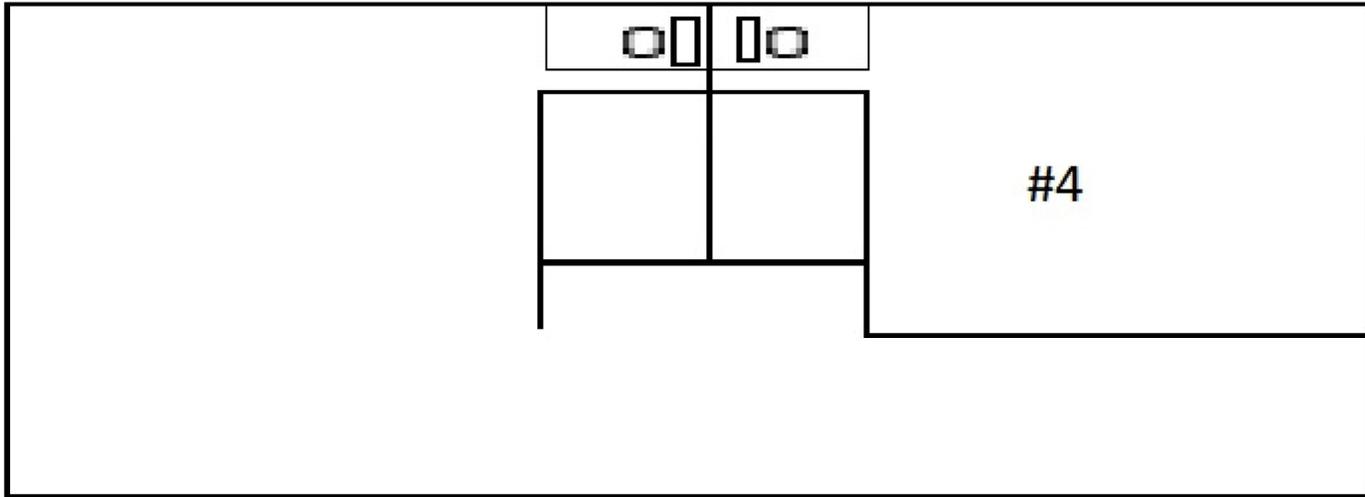

Please accept this as our request to take over Dressing Room #4 and merge it with the current Wildcat Room. Our Room is extremely small to house all of our gear and 20+ guys. We had given up our locker in the hallway to allow Minor Sports to use it with the growing number of teams that they now have. With losing our locker, we have constructed shelves in the room to store the gear that we had in the locker. This has taken up more room than expected. If you should grant us permission to merge the two rooms, we would assume all costs of the alterations, both, material and labour. As we do in our current room, we would be responsible for cleaning and maintenance of the larger room. There would be the one door that we would not need, and I would suggest using it on the ref room to replace the bent one on there. I would gladly mount this for you as well. With the alterations that we are looking to do, should you allow it, we would not be touching anything structural or plumbing related. The connector wall is not load bearing and does not actually go to the ceiling. The showers and toilets would stay as is, as well as the walls surrounding them. Our plan is to remove the alcove in the room and open it up to have the benches wrap around into this area. The room 4 side would house additional seating, our jerseys, sticks, tool boxes, extra first aid supplies, league paperwork, etc. allowing the main portion of the current room to just be for the players. Anyone that has been in our room when 15 to 20 players are in there knows that you cannot get from one side to the other. Should the Wildcats ever fold, this room would be then turned back over to the Rec Centre.

Having the Wildcats back in Wadena has been a great experience for all of us involved. We are hoping that having a proper dressing room will be one more thing that draws people to play in our great community!

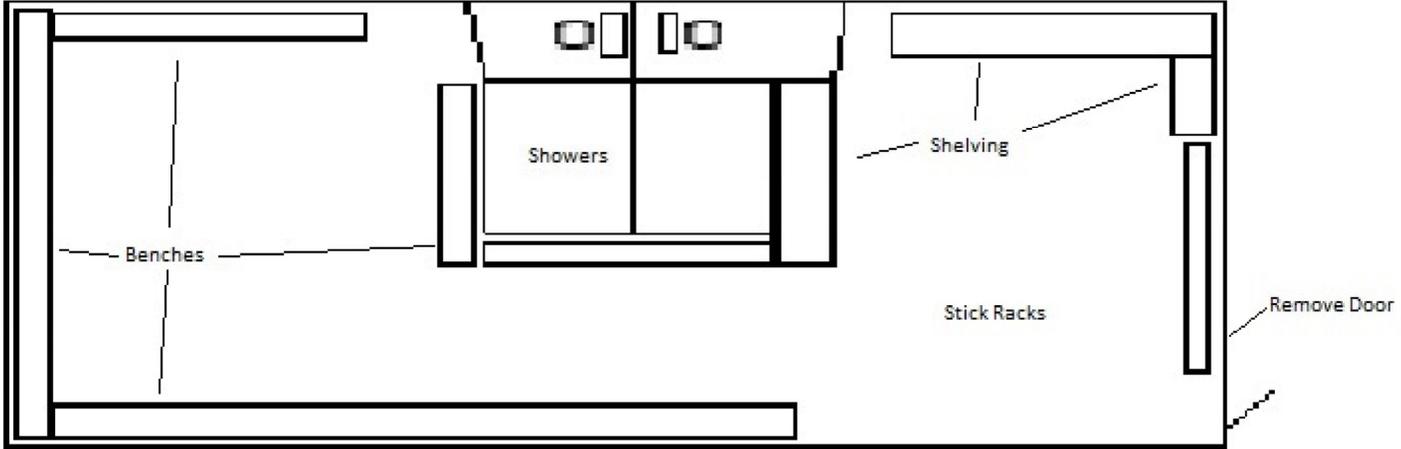

Thank you for your time and consideration of this request.
