**Here is what's NEW!!!**

**BUSINESS LICENSE BYLAW**

Town Council has adopted a new Business License Bylaw requiring all businesses and organizations operating in Wadena to obtain a business license. Licenses are required so the Town can ensure that businesses are in compliance with the Zoning Bylaw, fire and health requirements and building regulations. Business licenses allow the Town to collect land-use and workforce statistics which facilitate planning decisions, grant applications, and aid in marketing and attracting new businesses to the area. Annual renewal of business licenses will ensure that the business directory on the Town's website remains current.

The annual fee for local businesses with a store front in a commercial or industrial location is \$0, and the fee for home based businesses is \$25.

Application forms are available at the Town office or on the Town of Wadena website.

**BUILDING AND DEVELOPMENT**

*Spring is around the corner, along with construction season!*

The Town's Zoning Bylaw and Building Bylaw work hand-in-hand to manage land use and ensure that all buildings in the municipality are safe and constructed to national standards. Development and building permits must be obtained prior to construction, alteration, renovation, change of use or occupancy, and demolition or moving of any building located in town. Applications for development and building permits are made at the Town Office and should be submitted well in advance of the start of construction projects.

When using out-of-town builders or contractors, kindly check with them to ensure that they have obtained a 2018 Town of Wadena business license.

For any questions about Business Licenses, Building permits or Development permits, please contact Jennifer Taylor, Director, CED at (306) 338-4258 or email: wadenapermits@sasktel.net.
