

# Project Information Sheet

## PROJECT DESCRIPTION

The project will include: Removal and disposal of two wood box culverts, removal and disposal of two 1 800 mm corrugated steel pipe culverts, removal and disposal of one 1 200 mm corrugated steel pipe culvert, supply and installation of five 1 800 mm corrugated steel pipe culverts, and one 1 200 mm corrugated steel pipe culvert by open cup for a total length of 166 m at various locations on Highway No. 35, Highway No. 49 & Highway No. 376.

- The contract number for this project is HP21055.
- The Contractor for this project is Finn Construction Ltd.
- The Contractor's address as indicated on the bidder's signing block is Saskatoon, SK.
- Contract supervision will be provided by Stantec Consulting Ltd. personnel.
- The contractor is expected to begin operations the week of August 30, 2021, and is expected to complete the culvert installations, weather permitting, by October 8, 2021. The installation at each location is tentatively scheduled as follows:

	Highway 376 (South of Richard, SK)	Highway 49 (East of Kelvington, SK)	Highway 35 (South of Wadena, SK)
Start Date	September 20, 2021	September 10, 2021	September 3, 2021
End Date	October 5, 2021	September 19, 2021	September 19, 2021

- The estimated cost of this project is \$1.1 million, including materials and construction engineering.
- Traffic accommodation will include a local roadside detour with one-way traffic controlled by a traffic signal. Traffic will be required to reduced speeds to 60 km/h while within the work zone.
- This is a Capital Program Project located in the Central Maintenance Region.
